Teacher at Walker Career
Center in Indianapolis, IN

Agenda

- Introduction
- What is Color Accounting©?
- How I use Color Accounting© in my class
- Where you can get Color Accounting©
- Wrap Up

Introduction

- Who am I?
- What are we talking about?

What is Color Accounting©?

- Unique system used to help students understand debits and credits, the balance sheet and income statement starting at level 0.
- System uses a visual as well as hands on approach - utilizing a “Butterfly,” a “Floor,” and “Buckets”
- Teacher Portal
- Several curriculum options

How I use this system

- Start of school year
- Intro classes
 - Pizza Boxes
 - New Pop Up Option
- Advanced classes
 - Brush up
- Monopoly©

Where can I get this stuff?

- Pizza Boxes or Pop up Kits - Ordered at www.accountingschool.com/order
 - As of today, Pizza boxes are \$10 and Pop up kits are \$25, \$35 with workbook
- Curriculum is **FREE** at www.educators.coloraccounting.com you just need to register as a teacher
- **FREE** downloadable student workbooks and videos etc for students can be found at www.accountingschool.com/menu-page
- [Sean's Stuff](#)

Wrap Up!

- My students love Color Accounting©
 - Totally different way to look at debits and credits and get our visual and kinesthetic learners interested.
- Many free resources available
- Email me with any questions you may have!
jburns@warren.k12.in.us
- I AM NOT AFFILIATED WITH COLOR ACCOUNTING AT ALL!!! I just love the idea and so do my students!
- Thank you!!
